

OFFER 1 · FOR YOUR CUSTOMERS

\$50 off a Code Ninjas membership, with any \$100 purchase at Staples.

Your customers already come in for the things a school year is made of. This offer sends them home with one more — fifty dollars off their child's first three months of learning to code, redeemable at Code Ninjas centres across Canada.

THE OFFER \$50 OFF a new 3-month Code Ninjas membership, paid in full	PROMO CODE STAPLES2026 Quoted at enrolment, or entered online.	VALID THROUGH October 31, 2026 In-store purchases at any Staples in Canada.

How it works

STEP 1

Shop at Staples

A single in-store transaction of **\$100 or more before tax**, at any Staples location in Canada.

STEP 2

Bring the receipt

The customer presents it with promo code **STAPLES2026** at a participating Code Ninjas centre.

STEP 3

Save \$50

The discount comes off a **3-month membership paid in full**, for new Code Ninjas members.

Who qualifies

- New Code Ninjas members only
- Applies to a 3-month membership paid in full
- One redemption per customer per 3-month period
- Purchase must be made in store, not online
- \$100 threshold is before tax, single transaction
- Cannot be combined with other offers

Why this works at your till. A customer spending \$100 on back-to-school supplies is, almost by definition, a parent of a school-age child — the same person this membership is for. It costs the store nothing and changes nothing at the point of sale.

OFFER 1 — FULL TERMS

Requires a **\$100+ (before tax) single-transaction in-store purchase at any Staples in Canada**. New Code Ninjas members only. Applies to a 3-month membership paid in full. One redemption per customer per 3-month period. Cannot be combined with other offers. Offer valid through **October 31, 2026**. Redemption takes place at a participating Code Ninjas centre; Staples associates are not required to validate, discount, or process anything at the point of sale. Participating centres and program availability vary — customers should confirm with their local centre.

How it works

STEP 1

Member gets the coupon

Code Ninjas issues it to **existing members** through its centres and channels.

STEP 2

They spend \$75+

Minimum purchase **before taxes**, excluding the purchase of gift cards. In store or online.

STEP 3

\$20 comes off

Promo code **88346** is applied at the till or at online checkout.

- Minimum spend is before taxes, gift cards excluded
- Cannot be combined with other coupons or offers
- Valid in store and online at Staples Canada

Code **88346** is applied like any other Staples coupon code, and the exclusions in the terms below are the only thing to watch.
